

Advanced Research Training Seminar Series
Session Evaluation Form (*data collated for 2005-06 and 2006-07*)

Date of session _____

Please answer questions by marking “X” in the appropriate column	Rate 1 to 5					N/ A
	Disagree.....Agree					
	1	2	3	4	5	
The objectives of today’s seminar session were clear from the start.				10 22%	35 77%	
The information presented today was practical and will be professionally useful as I conduct my research.			2 4%	9 20%	34 75%	
The instructor(s) communicated ideas clearly and effectively.				9 20%	36 80%	
Please answer the questions below in narrative.						
What was your overall impression of today’s seminar session?						
What will you do differently or apply as a result of this presentation?						
What, (if any) improvements would you recommend?						

**2005 – 2007 AARTSS: Advanced Aging Research Training Seminar Series
OVERALL PROGRAM EVALUATION**

As a researcher, what do you consider yourself ? (circle one): clinical scientist: **9** basic scientist: **4** blank : **4**

Total number of Evaluations: 17

DIRECTIONS: Please check the appropriate response to indicate the degree to which you agree or disagree with the statements. Your honest feedback will help us enhance the quality of the program. Thank you very much!

	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
The AARTSS program was a valuable educational experience.			2	7	8
The AARTSS program had appropriate focus on clinical science in aging.			1	9	6
The AARTSS program had appropriate focus on basic science in aging.		1	3	7	6
I would like more content oriented sessions next year. (e.g., dementia, cardiovascular aging, etc., rather than grant writing, paper writing, etc.)	1	3	3	5	5
I made connections with faculty or fellows in the AARTSS program that will be of value to me in the future.			4	7	3
The format of the AARTSS sessions was appropriate.		1		10	6
The time, location, and physical environment for the AARTSS sessions was appropriate.			1	8	8
Preparing and delivering my research presentation was a valuable educational experience.			2	8	7
Listening to my colleagues' research presentations was a valuable educational experience.			1	9	7
I participated in other Aging-related didactic programs and seminars during the academic year.			5	10	1

1. Please give suggestions for 3 NEW sessions that you would like to see in AARTSS for next year:
2. Please give us constructive feedback how to make the AARTSS program better.
